CODIB Secretariat, CIA

DATE: 31 March 1967

STATINTL FROM : [redacted]

SUBJECT: Task Team VI Report

1. Following is NSA's written recommendation concerning the Final Report of Task Team VI, Research and Development:

"NSA neither agrees or disagrees with the contents of the Task Team VI Report. This Report has said some constructive things, but what is said in the body of the Report does not cover much of the activity in the IDH R&D field.

"NSA does not consider the Recommendations to be adequately formulated nor clear enough to be a basis for action. Beyond the distribution of this Task Team VI Report already made to CODIB Members, therefore, NSA does not see anything to be gained by further dissemination. NSA sees no useful purpose to be served in forwarding this Task Team VI Report to USIB."
